Tenardent Freres,

14, Rue de Louvois,
Paris, France.

Dear Sirs:-

I should be very glad to have you send me any coins of Mafapontun you may have in your possession, provided you will assume the usual insurance regarding their loss in transit. I have begun a study on this series and a number of our members including our President, Mr. Howell, are interested. In consequence it is possible that a number of the pieces would remain here after examination.

May I ask in the case of pieces valued at more than 100 francs, that you send plaster casts instead of the coins? If they prove attractive I can then ask that you send me the ones desired. Kindly have the packages addressed as below.

Very truly yours,

Secretary.

Address:-

Messrs. Feuardent Frere,

Paris, France.

Gentlemen:-

I am at a loss to understand why a copy of the catalogue of the auction sale of the goods of Mr. Talbot Baddy, did not reach us. If our name is not already on your mailing list will you kindly have it placed there? May I ask that you send us two copies of this catalogue for our files?

Catalogues of auction sales are placed on file in our library where they may be consulted by our members, in consequence you will see that it is desirable that you have copies reach us if you desire bids on the items offered for sale by you.

Very respectfully yours,

Secretary..

September 3, 1919.

Messrs. Foucardet Freres,
4, Rue de Louvois, (2^e Arr^t)
Paris, France.

Dear Sirs:-

I beg to acknowledge receipt of your letter of July 31st, together with the consignment of Metapontine coins which you so kindly sent me. We will keep a considerable number of these and with your permission, I will delay returning the others for several weeks, in order to study them carefully. I am taking impressions of them and I feel sure you will not object to this.

I have shown your letter to Mr. Howell, the President of our Society, and he promised to write you.

Did you secure any of the coins of Metapontum in the Ready sale? Would it be possible for you to inform me by whom lots 66 to 85 were purchased? I should like especially to know about lots 76 and 78.

I trust you have complied with our request to place the name of the American Numismatic Society and my name on your mailing list so that we may receive future copies of the catalogues of sales held by you.

Very respectfully yours,

Secretary.

September 25th, 1919.

Peuardont Freres,
4 rue de Louvoir,
Paris, France.

Dear Sir:-

I am sending today through our New York Bank a bill of exchange in your favor for the coins of the consignment sent us by you recently which we are retaining. I should like to keep the remainder for several weeks longer for purpose of study. I am informed that there is some difficulty at the Post Office in sending silver coins to France - if this is so the delay may be longer than I anticipate.

Thanking you for the courtesy you have shown in sending this collection to me, and hoping that you will send me casts of any further Metapontine pieces that may come into your possession, I am,

Very truly yours,

Secretary.

Dear Sirs:-

Your letter of the 26th of September has been received. Thank you very much for the information which it contains. I note that you purchased lots No. 76 and No. 78 at the Ready Sale on commission. It was these in which I was particularly interested. The Nika head and the Hercules head especially. Should you at some future time learn of specimens of these, which may be secured at a reasonable figure, I should be glad to have you let me know.

Concerning the other lot, it is possible that we might desire No. 67, both pieces, and I should be pleased to have you send them to me. Lots No. 75 and No. 80 are not desired.

Awaiting your further favors, and trusting that you will bear in mind that we should be glad to have you call to our attention any rare pieces of Metapontum at any time, I beg to remain,

Yours very truly,

Secretary.

I am enclosing herewith eleven of the latest - about being
you sent me recently - Nos. 1, 4, 6, 9, 13, 19, 23, 24, 33, 34,
35, and I am forwarding instructions to our bank to send you a
draft to cover the amount of the pieces retained.

I have been very much interested by this lot, and am very
glad that so large a proportion of them still remain with us.

Certain of our collectors are interested in the early coins
of Justinian and those of Hila. If we have any other Magna
Gratian, I should be very glad to have you send them in the
same way as you have sent these, and I will endeavor to see that
they are returned promptly.

I beg to acknowledge the fasc. 1 and 2 of the Revue Numis-

have received Vol. III of the American Journal of Numismatics
which was mailed to you about two weeks ago.

Messrs. Fouardent Freres,

Dear Sirs:-

I beg to acknowledge receipt of the two packages sent by you, with coins of Gertrude. They arrived in good condition.

May I suggest that in future, it would be well not to send the invoice in the same package as the coins. At the Post Office, if the package is supposed to contain coins which have a total value in excess of one hundred dollars, they must be sent to the Customs House for inspection, and a long delay ensued. Fortunately, we were able to avoid this on the present occasion. I am really sending you this information for your future guidance. I will send you invoice, in future, in a separate envelope.

Thank you for the part of the Montpoulet index stated. Please send it at once. If it is in no good state we too must seem to judge, we shall keep it.

Yours truly yours,

Secretary.

Dear Sirs:

In checking up our periodicals recently we find that the last issue of the Revue Numismatique received by us was Part 4 for 1928. That is, we have not received any of the issues for either 1929 or 1930. In 1929 we received a communication from M. Dieudonne regarding the basis of this exchange and as a result of that correspondence we have sent our monographs not only to your address but to M. Dieudonne as well. The copies sent to you are sent as a return for the issues of the Revue Numismatique. Please let us know the last number of our monographs received by you, and if you will be so good, please make inquiries as to whether any issues subsequent to 1928 have been sent us.

Regretting the necessity of putting you to the inconvenience of checking up on this matter, I beg to subscribe myself,

Very sincerely yours,
